Project Summary Guidelines

1. All students are required to send the summaries when applying.

2. All projects must have a Project Summary of maximum 3 pages, written prior to experimentation following the instructions below to detail the rationale, research question(s), methodology, and risk assessment of the proposed research.

3. The Project Summary should include the following:

   i) An introduction (maximum 1 page)
   ii) Objectives
   iii) Hypothesis
   iv) A procedure
   v) Results and a discussion
   vi) A bibliography

   N.B: Do not include work done by others.
